RECORD OF SURVEILLANCE FORM

Printed: 6/28/2005, 11:29:50AM | Report Last Modified: 6/28/2005

Job Number - 86642 (SURVEILLANCE YR FIVE)
District - 5,081

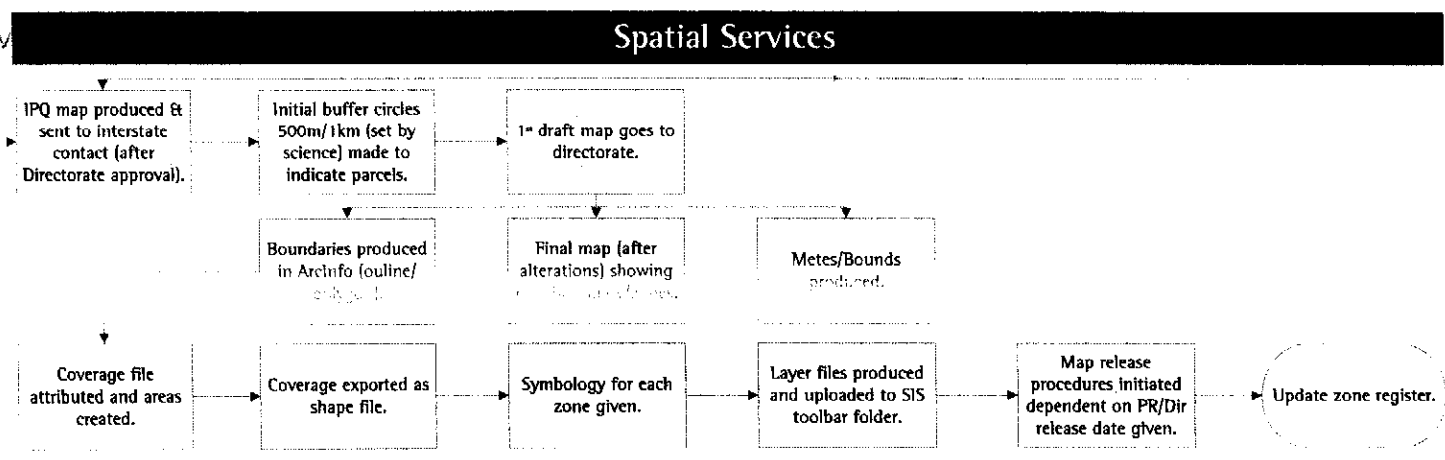

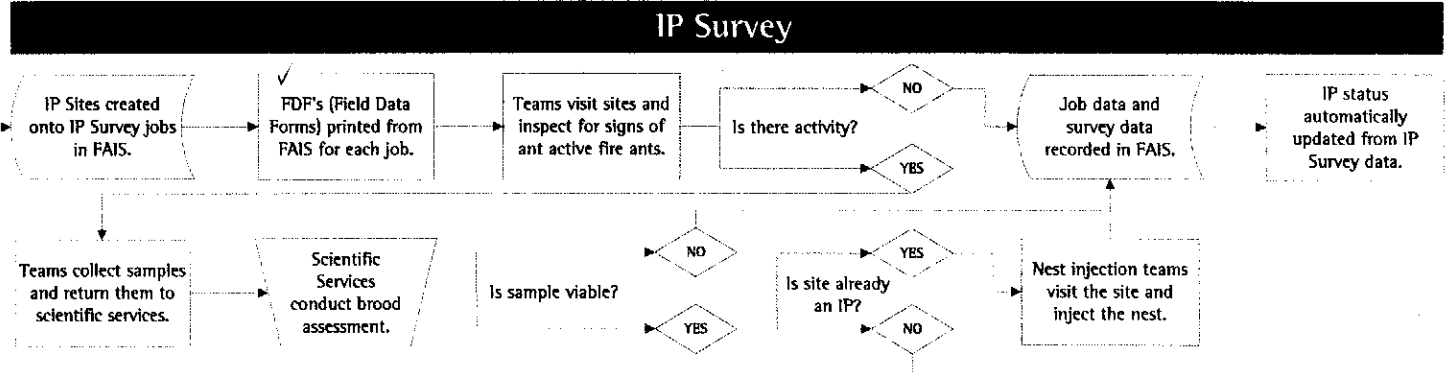

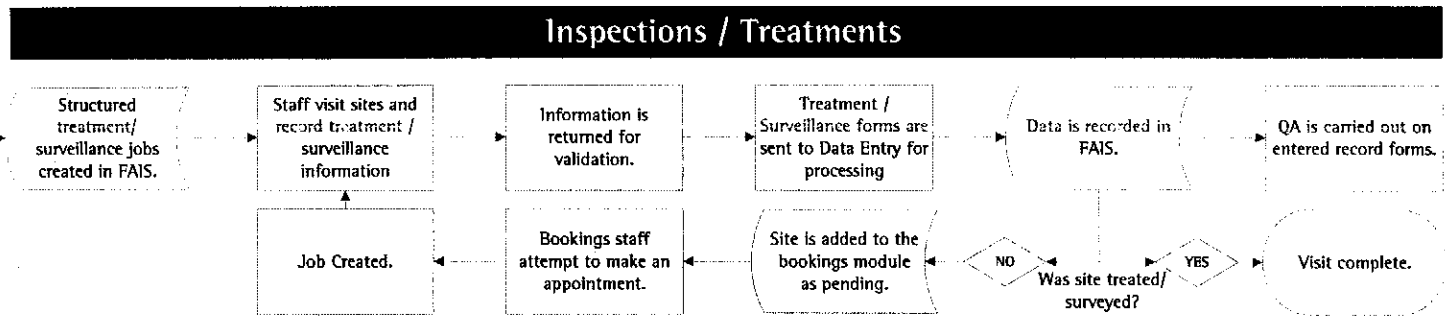

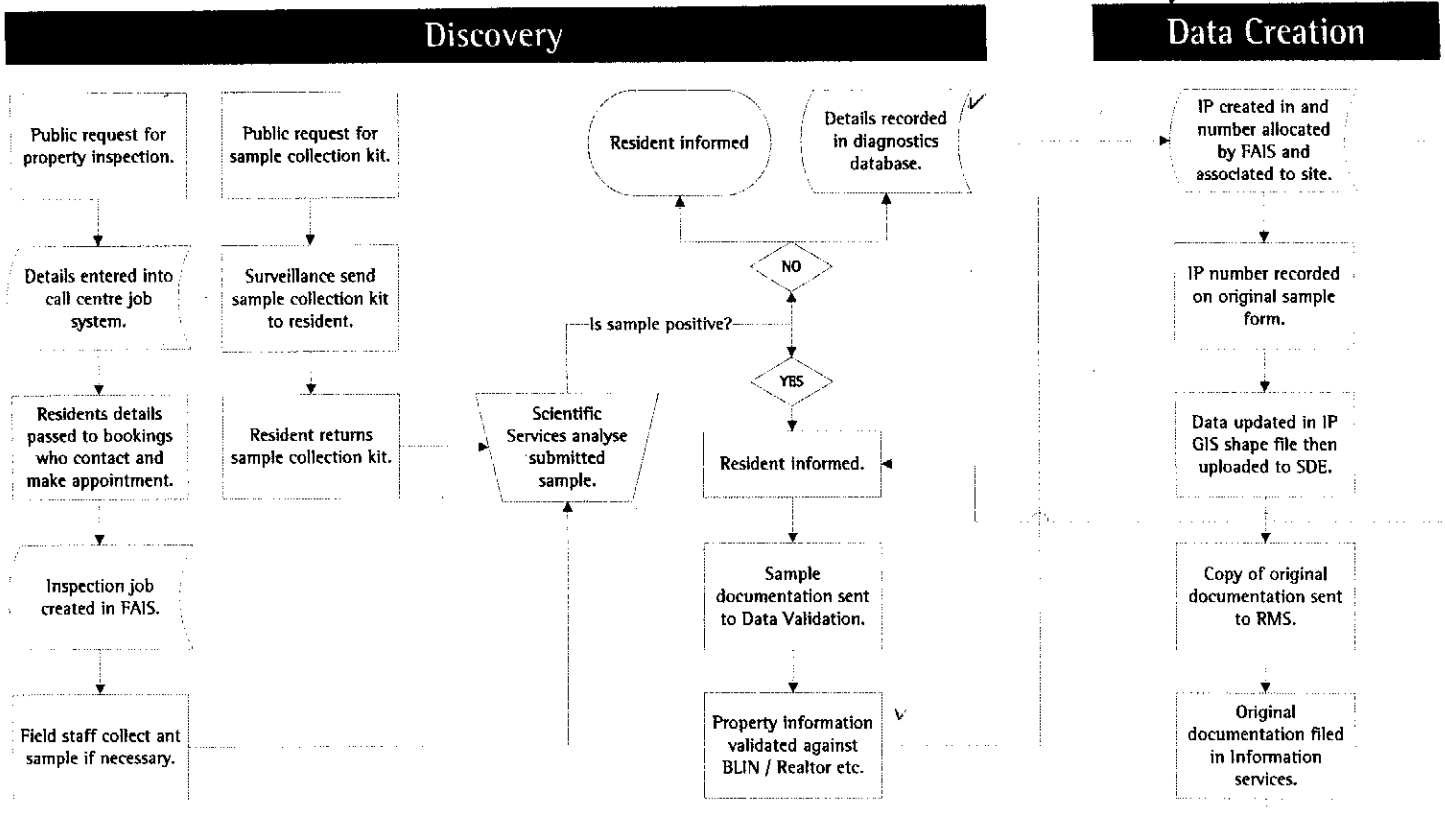

Instructions:

- Before entering the property ask if there are any known hazards that exist on the property. (eg: steep banks, man-made obstacles, mine shafts, discarded machinery, or potentially dangerous animals).
- If there is a hazard identified on the property, please delete the 'Unknown' in the 'Danger to Staff/Hazard' area on this form and write 'Yes' and circle the hazard on the 'Known Hazards List'. If the hazard is not listed enter a description in 'Site Comments'. If no hazard is identified leave 'Danger to Staff' as 'Unknown'.
- If surveillance is refused, circle RESTRICTED, record the date restricted and write 'Access Denied' in the client comments section.
- If the client is not home on the first visit mark 1 in the 'Number of Visits' box and record the 'Date Visited'. If the client is not home at the second visit please circle 'Restricted', mark 2 in the number of visits box, record the date visited in the 'Date Surveyed/Restricted' and place a tick in the box 'Not At Home'.
- If a sample is taken, affix the sticker with the sample number to the space next to Sample #. Affix the matching sample number sticker to the sample jar. If more than one sample is taken on a property use the Additional Samples section on the reverse side of the ROS form.
- If a property is not entirely inspected, make an estimate on the % of the property completed and write this in the box available and the reason in the comments field. Don't circle Y or R. Colour the location of the inspected portion of the property on the map. Record the appropriate code if there were any access restriction encountered.
- Surveillance of Difficult Sites (SDS) Section is ONLY to be completed by Delivery Coordinator/SDS Coordinator. If vegetation management is required, please tick the box labelled SDR. If vegetation clearing arranged with occupier and surveillance complete before JC Date, then Delivery Coordinator to write 'Occupier' in box labelled SDO and Percent Surveyed should equal 100%.
- Please note: Treatment in Surveillance Zone (TSZ) can only be conducted with approval of the Delivery Coordinator/Difficult Surveillance Coordinator. If treatment is conducted in the Surveillance Zones tick 'TSZ' box and circle the chemical and application method codes used.
- At the end of each working day, please hand all samples and corresponding ROS forms to the Team Leader.
