MCI® J4500

# J 4500 PASSENGER COACH

*Achieving a perfect balance of sophistication and simplicity, the MCI J4500 boasts stunning good looks and modified dependability. Easy to maintain, with the kind of smooth ride and amenities that keep passengers coming back, it's sure to become a favorite in your fleet.*

## Dimensions

Overall Length (bumper to bumper)	45.3 ft	13.8 m
Wheelbase	315 in.	8.00 m
Front Overhang	76.25 in.	1.99 m
Rear Overhang	150.25 in.	3.82 m
Overall Width	802 in.	2.09 m
Overall Height	140.75 in.	3.58 m
Interior Height	70.25 in.	2.14 m
Front Track	84.84 in.	2.15 m
Rear Track (tire-to-tire)	75.38 in.	1.91 m
Rear Track (front-to-rear)	86.84 in.	2.15 m
Turning Radius	46 ft	14.02 m
Gross Vehicle Weight	34,000 lb	26,494 kg
Baggage Compartment Volume*	995 cu ft	30.0 cu m

## Special Features

- Equal entrance doorway
- Jacobs® engine brake
- Anti-lock braking system
- Projector headlights
- Frameless windows
- Fully Multiplexed Electrical System

## Options

- Allison 1000 automatic transmission with converter
- ZF ATICOmatic transmission
- Automatic traction control system
- BungeeMaster™ high-back air ride driver's seat
- 4- or 6-passenger REI video system
- Wheelchair lift
- Cummins ISL 400 HP engine
- Large overhead panel side doors
- Rear side unload feature
- Diesel Diesel Fuel Pro®
- ProStar Auxiliary Heater
- Custom radio entertainment system
- LCD BatScreen monitor
- 2005 ZF Intecstar

## Standard Features

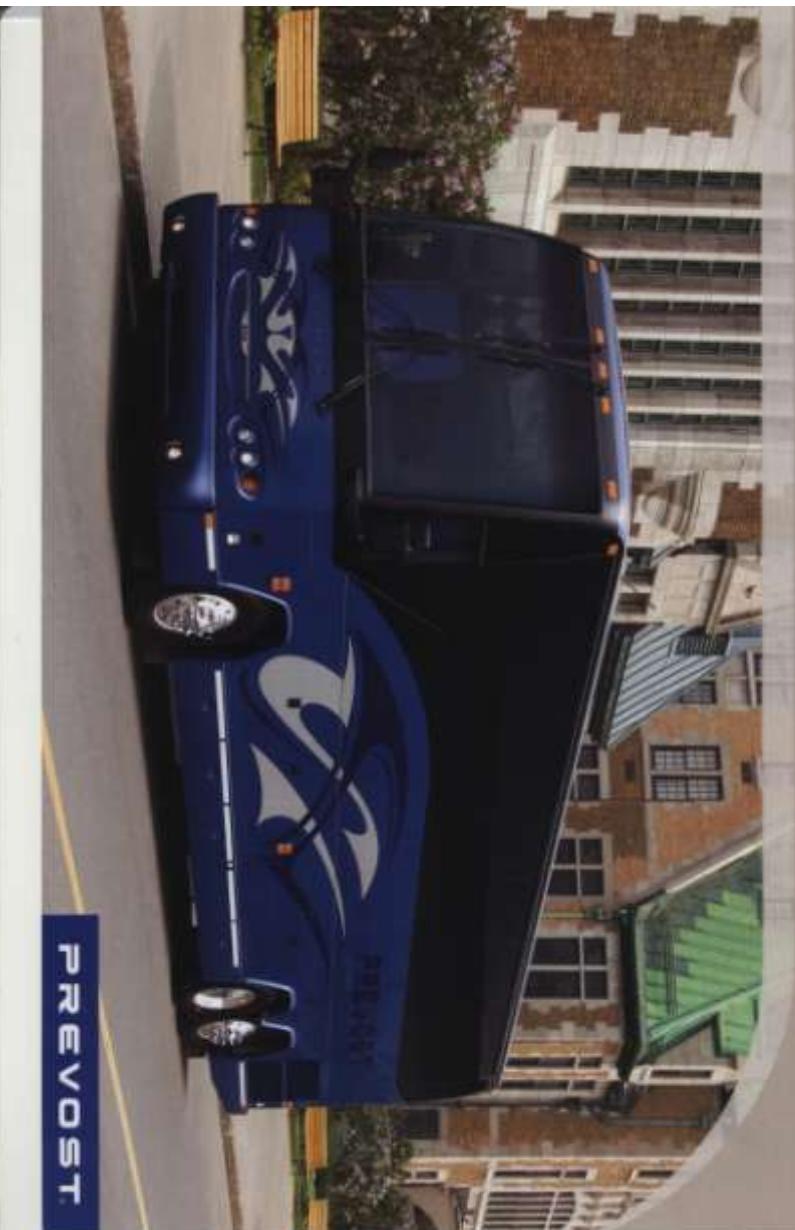

Engine Mfr.	Detroit Diesel Series 60 at 435 hp, DDEC V 32.7-liter with Jacobs® engine brake	Indicators	Engine oil psi, engine coolant temperature, engine tachometer, speedometer/odometer primary and secondary air psi, fuel and volume
Transmission	Allison 1000 automatic transmission, six forward speeds and one reverse gear	Warning Lights	Low-fuel indicator light and warning light on dash to monitor battery voltage plus many others
Front Axle	Motorcraft axles 23,000-lb (10,432 kg) dead; 16,500-lb tag (7,494 kg)	Cooling System	Parallel radiator and charge air cooler system
Rear Axle	Motorcraft axles 23,000-lb (10,432 kg) dead; 16,500-lb tag (7,494 kg)	Fan Clutch	Electromagnetic, 2-speed
Seating w/Lace	56-passenger Amaya Bench	Steering System	Leather-wrapped tilt-a-telescoping steering wheel with 2X variable ratio steering
Wheels	Dual-painted steel 22.5 x 9.0	Alternator	Dual 140A, 24V Bosch
Tires	Michelin® 245/80R 22.5 front	Brakes	Torsion all-wheel disc with automatic brake slack adjusters
	front 245/80R 22.5 rear	Parking Brake	MGM spring brake on drive and tag axles
		Brake Master	Two 1000 psi max
		Fuel System	222 U.S. gal (830 L)
		Body Type	Semi-monocoque low-compression stainless steel
		Exterior Skin	Front and rear-end caps, sidewalls, fiberglass composite
		Baggage Doors	Fiberglass composite, electric locks
		Entrance Door	Air-operated EDM door

# SPRINTER

## SETTING THE STANDARD IN QUALITY, COMFORT AND VALUE.

Designed for long life and durability, the Dodge Sprinter shuttle delivers exceptional performance and passenger comfort with unsurpassed reliability and economy. With extended maintenance intervals, oil changes every 10,000 miles, and excellent fuel economy - 22 miles per gallon\*, the Dodge Sprinter shuttle is easy to maintain and operate on a budget. Passengers love the Dodge Sprinter Shuttle too! Its dual panel outwards-opening door has extra-wide clearance for increased accessibility and quicker boarding.

Now available with Smart Choice packages, it's even easier to buy the perfect shuttle bus!

**IT'S NOT ONLY WHERE YOU'RE GOING,  
IT'S HOW YOU GET THERE.**

**IC CORPORATION  
FC SERIES**

The plush, roomy interior makes the IC Corporation FC Series ideal for day tours, corporate events or shuttle services. You'll also be enjoying the ride with a completely integrated chassis and body. Every part of the vehicle is incorporated and can be serviced at your IC Corporation dealership. Sporting this much style, comfort, and performance, the FC Series is one ride you'll never forget.

Exceptional driver ergonomics, with easily accessible controls and ample leg room.

Generous rear design accommodates accessible requirements and provides easy access.

Conditionable seating and underfloor storage, which provides extra leg room and required accessibility.

Fully integrated body and chassis systems ensure a quiet ride when using IC Corporation chassis options.

Passenger amenities and instant heat units are located throughout the vehicle.

## IC CORPORATION FC SERIES

The IC Corporation FC Series perfectly blends style, comfort, and performance into a coach that takes passenger satisfaction to a whole new level.

### FRAME

19'6", 31'6" wheelbase options  
30,000 GVW

### FRONT AXLE & SUSPENSION

10,000 lb. axle with parabolic tapered springs

### BRAKES

Dual air brake system w/ 4-channel ABS feature  
Bendix 132 CFM air compressor  
Bendix AD-V air dryer

### STEERING

TAC-450 steering gear  
Remote assist 1.5 qt. Reservoir w/ filter fits behind  
dash/hood  
Tilt-steering column, standard  
Tilt and telescoping columns, optional

### DRIVELINE

Data SPUD Series shafts and parts

### EXHAUST

Single horizontal muffler w/ remote catalyst  
corrected right-side frame-mounted, standard

### ELECTRICAL

12-volt Lucas-Nerlie alternator (210 amp)  
BO-Batteries: 31 batteries, 1300 and 1950 CCA's  
available

### ENGINE

International® CF 495, 325 horsepower  
Fuel/water separator integral w/ fuel filter  
Air cleaner/reheated induction gauge  
Aluminum crossflow over-and-under-radiator system  
w/ various fan speeds  
Cruise control

### TRANSMISSION

Allison E330 Series 5-speed w/ overdrive and  
push-button selector

### REAR AXLE AND SUSPENSION

21,000 lb. rear chassis  
23,000 lb. rear optional  
18,500 lb. air-rate suspension, standard  
18,800 lb. air-rate suspension, optional  
21,000 lb. air-rate suspension, optional  
21,300 lb. air suspension, optional  
23,000 lb. air suspension, optional  
Heavy-duty shock absorbers

### FUEL TANK

80 gallons, front ref. reservoir  
100 gallons between ref. optional

### TIRES AND WHEELS

Standard 205/70R22.5 14-ply load range G-E  
polished aluminum wheels  
Other tires to 22.5" also available

### ADDITIONAL OPTIONS

Starting motor w/ automatic protection  
Engine block heater  
Heavy-duty valves  
Heated outside mirrors  
Power mirrors  
Chidio motors

### BODY SPECIFICATIONS

Overall Length Options (Slipper-to-Slipper):  
• Up to 30'  
Interior Width:  
• 90° measured at floor level  
Interior Height:  
• 70° at center of aisle

### Exterior Width

- 102" (excluding mirrors)

### Exterior Height

- 118" to top of roof

### Body Construction

- 12-gauge galvanized steel exterior panels w/  
additional anti-corrosion coating
- Heavy-duty aluminum baggage doors, bay and  
compartment
- Consolidated baggage compartment floor
- Overhead aluminum sidewalls
- One-piece aluminum roof

### INTERIOR

29 to 44 passenger capacity reclining seats w/  
armrests and headrests  
ISRI adjustable driver's seat  
Two-piece large view windshield  
Front/rear 60% heat rejection tinted windows  
Large overhead luggage racks w/ reading lights  
Driver side step  
Decorative curtains on all passenger windows  
Driver's partition w/ shield

### OTHER FEATURES

Sector door standard on tour model  
European-style mirrors  
European-style projector beam headlights  
 Fog lights  
Lighted front destination sign w/ multiple  
destination markers

### AIR CONDITIONING

Thermo King centralized ducted system  
Independent passenger vents  
Side driver's vent  
Thermoelectrically controlled by driver

IC CORPORATION. BUSES BUILT WITH CARE.

A PARTRIDGE COMPANY

## IC CORPORATION LC SERIES

### HIGHER STANDARDS. LOWER BUS.

Standards have  
only ever been  
higher...so it's  
about time ADA  
compliant buses  
got easy entry  
and exiting.

Low-floor design and integrated integral  
make the body accessible to everyone.

It doesn't get any easier than this. With its "kneeling" function, low-floor design and spacious interior, the IC Corporation LC Series provides everyone with total accessibility.

And with a completely integrated chassis and body, IC Corporation makes vehicle maintenance easier and quicker than ever before. One company. One bus. One smart choice.

## IC CORPORATION LC SERIES

The IC Corporation LC Series is designed to accommodate ADA-compliant bodies with style and performance that are second to none.

### FRAMES

34'6", 37'1", 39'4" wheelbase options.  
GVWRs of 20,000 lbs. 23,000, 21'7" w/o  
stainless steel (31'7" w/o) 25,000 lbs. (31'7" w/o)

### FRONT END

Choice full-width headlight bumper  
Chrome plated grille  
Easy Tilt 2-piece hood

### FRONT SUSPENSION

6,000 lbs. air suspension or coil-spring option

### BRAKES

Antilock disc, optional ABS.  
Disc brakes<sup>®</sup> 13" x 1.49", dual 12" diameter  
grilles, front center and fenders.  
Disc brakes<sup>®</sup> 13" x 1.49", dual 12" diameter  
grilles, rear center and fenders.  
Parking brake, transmission mounted, spring loaded, air  
operated.

### STEERING

200-40 steering gear w/o LUK VT-25 pump,  
steering mount 15.5 qt., Reserve w/o filter 1000 miles

### DRIVELINE

Same 1980 series shafts and couplings

### EXHAUST

Single integrated muffler, stainless/catalytic converter, right  
with frame-mounted w/ left-side net

### ELECTRICAL

12-volt Lucas alternator, 175 - 210 amps  
available.  
ICU Group 31 batteries, 1,000 - 1,600 CCA's available

### PAINTRY

White paint/other colors

### ENGINE

International® VT 380, 175 - 210 horsepower available.  
Hydromatic® torque converter integral w/ flywheel.  
Air cleaner, required stainless steel.  
Automatic overdrive over and under radiator system w/  
variable fan drive.  
Diesel control.

### TRANSMISSION

Allison 2200 PTO, torque converter air, overdrive and park  
pedal.

### LOW PROFILE ANDERSON

Low-profile Anderson double-reduction axle with 5.10 final  
drive ratio.  
Air spring suspension w/o trailing arm and track bar.  
Integrated end-frame bar.  
Heavy-duty shock absorbers.

### AIR CONTROL SYSTEM

Computer located in chassis cab w/ height control w/ self  
electronic height sensor.  
Standard steering feature.  
• Open steering, disc and front suspension/rear  
• Disc/rear and rear suspension/rear  
Lift-off capability.  
• Allows low to raise 2" above normal ride height  
Steer, Tef-Pic 1200, 13.0 CFM air compressor  
Steer, ACOP w/ trailer air dryer.

### FUEL TANK

Standard 55-gallon, w/R front cap/tank  
Optional 55-gallon, between-the-cabs tank

### CAB

International® Meritor-Air system  
5-gauge cluster w/ visual and audible warning system  
Strobe light w/ hazard warning feature  
Standard tire/Mag rear suspension high-back driver's seat  
w/ 3-point seat belt  
Optional air suspension high-back drivers seat

### TIRES AND WHEELS

Standard 245/70R16, 10-ply load rating F w/ steel  
spoked rims  
Optional 245/70R16, 10-ply load rating G w/ steel  
spoked rims

### ADDITIONAL OPTIONS

Side sliding doors  
Front lights  
Starting motor w/ overheat protection  
Body vinyl partitions, 8 channel power module  
Engines liquid cooler  
Sony® X-Series Stereo 750 acoustic fairing  
Intervention<sup>®</sup> Diesel-Alt 1600C  
Right-hand passenger floor w/ step  
Belleville trailer hitch  
Concrete glass insulation w/ rubber inserts  
Power and off valves  
Infrared vehicle sensor  
Power mirrors  
Driving mirror  
Power windows w/ power door locks  
Remote keyless entry  
Low water fluid indicator  
Emergency lights w/ self-energizing activation  
Theft deterrent system  
Anti-theft alarm w/ push button apply  
Argus<sup>®</sup> Vehicle Intelligence System
