主旨: Draft of LOA (Naha ACC - Taipei ACC)

Dear Mr. Wang,

How are you doing ?

I am sorry for my late reply regarding the amendment of LOA between Naha ACC and Taipei ACC.

I send you the draft of LOA which was discussed within Naha ACC.

Points of view are as follows;

1. We **withdraw** the procedure of a **radar hand-off at SALMI** from our proposal because Naha ACC had not reached an agreement **due to increase of workload**.

I'm very sorry for chaging my mind even though I proposed first.

2. Simplification of the section 4. Non-Radar Longitudinal Separation
3. Re-arrangement of the section 6.d. Minimum radar separation
4. Re-arrangement of the section 8. Airway Restraint

Thank you very much for your consideration.
Please provide me your comments without hesitation.

Also we are looking forward to establishing a valued relationship with you as well as up to now.

Respectfully,

Takeshi Imoto
Naha ACC
