	<p style="text-align: center;">AESIEAP TECHNICAL COMMITTEE MEETING 19 & 20 JULY 2010</p> <p style="text-align: center;">The Gardens Hotel and Residences, Mid Valley City, Kuala Lumpur, Malaysia</p>	<p>Organized by:</p> 
---	--	--

Opening Speech and Welcome Remarks by
Datin Roslina Zainal
Vice President (Planning)
Tenaga Nasional Berhad

MC (Mr. Azlan Kordi),
Honorary Secretary of AESIEAP Technical Committee (Mr. Urbano C. Mendiola)
Working Group Chairmen of AESIEAP Technical Committee,
Distinguished Delegates,
Ladies and Gentlemen,

On behalf of Tenaga Nasional Berhad, I would like to extend a very warm welcome to the delegates from Korea, Philippine, Taiwan and Malaysia for participating in this AESIEAP Technical Committee Meeting in Kuala Lumpur, Malaysia. It is a great honor for us, Tenaga Nasional Berhad to host this Technical Committee meeting. I hope that you will all have a pleasant and enjoyable stay in Kuala Lumpur.

I would like to take this opportunity to inform all that our former Vice Chairman of AESIEAP Technical Committee Executive Team – Mr. Lee Poh Choo has retired from SP Power Grid. We also take note that Singapore Power has expressed their apologies for not being able to send any representative for this meeting. The new Vice Chairman has to be re-nominated by the AESIEAP members.

In the last AESIEAP Technical Committee (TC) Executive Team Meeting held in February

2009 in Kuala Lumpur, 3 work groups and its respective leaders has been identified as follows;

- WG 1 – Korea (KEPCO) for *Technology Development for Power Sector*
- WG 2 – Taiwan (Taipower) for *Environmental Issues and Energy Efficiency*
- WG 3 – Malaysia (TNB) for *Business Outlook and Strategy for ESI*

The Chairman of the respective work groups has been entrusted to form their team members and finalize the micro topic for their work group projects. We are here today to share and discuss the TORs, and the status findings of the respective work group projects. The result of this meeting will be presented to the main AESIEAP meeting scheduled in Taiwan in October 2010.

As this is the first meeting with all the Work Group Project leaders, we are pleased to receive any inputs and comments from all participants. A big thank you to all the delegates who have made it here in Kuala Lumpur and I hope that with the strong commitment from all the Work Groups and its members, the objectives of this meeting will be met.

Distinguished Delegates,
Ladies and Gentlemen,

I hope that we will be able to make the most out of these 2 days-session. I also hope that you will have a meaningful and a memorable stay here in Kuala Lumpur. We have arranged for a short tour to visit the Petronass Twin Tower (KLCC) of Malaysia for all the delegates tomorrow.

Again, I wish that this will be a fruitful and successful meeting. Hopefully, from this meeting we are able to progress further to promote a better co-operation between the AESIEAP member countries.

Without any further ado, I would like to declare the meeting open. Thank you for your kind attention.
