The image shows the interior of the Dome of Light at Formosa Boulevard Station. The most striking feature is the large, circular, multi-colored stained-glass dome that covers the entire ceiling. The colors are vibrant and varied, including red, orange, yellow, green, blue, and purple, creating a rainbow-like effect. Two large, cylindrical columns are positioned in the center of the dome, one on the left and one on the right. The left column is primarily red and orange, while the right column is primarily blue and green. The floor is also covered in a colorful, abstract pattern that matches the dome's design. In the background, there are some structural elements of the station, including a staircase and some lighting fixtures. The overall atmosphere is bright and colorful, reflecting the station's name.

A high-angle, wide shot of a bustling night market street. The street is packed with people, and the scene is filled with the warm glow of streetlights and the bright, varied colors of numerous illuminated signs and stalls. The perspective leads the eye down the length of the market, which is lined with buildings and more shops. The overall atmosphere is one of a lively, crowded public event.
