

A1. AWHoT 官方說明文件

AWHoT

Asian Water High Level Round Table

"70% of Asians will be living in cities. Therefore, making cities with drinkable water would be a national challenge...Future knowledge sharing and knowledge networking events like AWHoT will be essential for Asian to overcome national challenges."

Dr. Bindu N. Lohani,
Vice President of Asian Development Bank

"We are facing emergency for the most of 1/3 of our people suffer from lack of drinking water and farming water. That is why I would like to request our friendly nations and organizations to cooperate with us for our people having enough drinking water and farming water."

Mr. Myint Hlaing
Minister of Ministry of Agriculture and Irrigation of Myanmar

"The question is how to resolve the problems derived from too much water or too little water...The regional cooperation helps to solve transboundary issues and relates how to share information and knowledge each of us have."

Prof. Shie-Yui Liang
National University of Singapore

The global demand for freshwater is soaring as supply is becoming more uncertain. The UN projects that by 2025, half of the nations in the world will face water scarcity. Water-related problems are particularly acute in Asia. As population growth and urbanization rates in Asia rise rapidly, stress on the region's water resources is intensifying.

Climate change is expected to worsen the situation significantly. Experts agree that reduced access to freshwater will lead to a cascading set of consequences, including impaired food production, the loss of livelihood security, large-scale migration within and across borders, and increased economic and geopolitical tensions and instabilities.

Objectives

For the success of 7th World Water Forum, K-water has engaged in managing the Regional Process and organizing the design of White Paper in the Science&Technology Process. Therefore, K-water would like to invite the representative from organizations responsible for regional water related issues and encourage them to engage in the commitment to AWHoT(Asian Water High Level Round Table).

AWHoT aims to provide mutual comprehension of water issues and solutions, to establish a sustainable multi-lateral cooperative network and to meet regional consensus to contribute to the success of the 7th WWF.

Process

AWHoT has been initiated during 2014 Singapore International Water Week with 15 participants including ADB, UNESCO, World Bank, APWF, MRC, GWP and other national representatives from Singapore, Hong Kong, Taiwan, Myanmar, Vietnam and South Korea. In the 1st meeting of AWHoT, regional water-related issues were discussed to enhance the mutual understandings between participants.

The 2nd meeting will be held during Nakdong River Water Week 2014 in October in South Korea. The meeting will focus on detailed water-related challenges that each nation faces and have participants to engage in a discussion to categorizing the issues.

The 3rd meeting will be held in Feb 2015 in Korea to find solutions through intensive discussions. In the 4th meeting during the 7th World Water Forum, the first report of AWHoT including current water-related affairs of each nation and feasible solutions will be published to enhance implementation.

Co-Hosts

Co-Hosts are being convened to address their honor for inviting High Levels from Asian water field. They are also to address their concerns and priorities of High Levels with regards to regional water-related issues and sustainable cooperation among those are being invited.

Dr. Choi, Gyewoon, CEO of K-water

I believe AWHoT will improve applicable solutions to water-related issues in Asia by sustainable cooperation among members of AWHoT. It would not be achievable without your engagement and support. As leaders of water field in Asia, we should work together to hand over better world with flourishing clean water resources to our next generation.

Mr. Kim, Kwan Yong, Governor Province of Gyeongsangbuk-do

For many years, Gyeongbuk province has blossomed its history and culture along with the Nakdong River. Hence, through the World Water Forum, we are paving a new era for Nakdong River that discovers the global future of water and proposes a firm green growth model where humans and natural harmonize.

Asian Water High Level Round Table

Building sustainable network for mutual cooperation

K-water

Since its establishment in 1967, K-water has been implementing national water resources management policies regarding multi purpose dams, water supply dams and regional water supply systems. K-water promises to advance towards becoming the best water managing corporation in the world, in which all people are in harmony with water and nature.

Nakdong River International Water Week 2014

After successfully holding the 7th World Water Forum 2015, we will foster the Nakdong River International Water Week into one of the world's three major international water weeks by continuously organizing this event regularly.

7th World Water Forum

In 2015, the World Water Forum, the largest water-related event in the world will take place in Daegu&Gyeongbuk of Korea. The World Water Forum is a large-scale international conference that is held every three years since 1997 in cooperation with the public, private sectors, academia and industries. It was first launched in an effort to facilitate international discussions on global water challenges.

A2. AWHoT 公布會議時程

Detailed Schedule of the 2nd Meeting of AWHoT

Time	Program	Note
13:30~13:35 (05)	Opening Comments	Presider (Sue Young Kim)
13:35~13:40 (05)	Panel Introduction	Presider (Sue Young Kim)
13:40~13:45 (05)	Opening Remarks	Chairperson (K-water CEO)
13:45~14:50 (65)	Session 1: Each Asian Country's Water-Related Issues, Needs Sharing, and Introduction of Best Practice (Countries Presenting[8]: Vietnam, Nepal, Mongolia, Singapore, Uzbekistan, Taiwan, Indonesia, Thailand)	Presider (Sue Young Kim)
14:50~15:00 (10)	Break	-
15:00~15:45 (45)	Session 2: Discussion of Themes for Solving Each Country's Water Issues: ① Aral Sea ② Infrastructure & Financing ③ Mekong River ④ Water Supply & Sanitation ⑤ Hydro power plant (new construction, rehabilitation)	Moderator (Professor Philippe)
15:45~15:55 (10)	Wrap Up	Moderator (Professor Philippe)
15:55~16:05 (10)	Break	-
16:05~16:30 (25)	Discussion on the third Meeting's Agenda Session 3	Moderator (Professor Philippe)
16:30~16:35 (05)	Announcements	Presider (Sue Young Kim)
16:35~16:40 (05)	Closing Remarks	Chairperson (K-water CEO)
16:40~16:45 (05)	A Photo Session	All

우리 장래의 물을 위한 제7차 세계물포럼에 관한
국제 물포럼(IWF)

International Water Forum
on
the Water for Our Future of 7th World Water Forum
in
The 3rd Nakdong River International Water Week 2014
(Na-Ri IWW/IWF 2014)

- 일시:** 20 - 22 October, 2014
Dates
- 장소:** Hyundai Hotel, Gyeongju City, Gyeongbuk, Republic of Korea
Venue
- 주최:** 국토교통부 · 경상북도 · 경주시
주관: (사)대구경북물포럼(DGWF) / 국제수문환경학회 (IHES) / 경북녹색환경지원센터[GBGEC]
Organized by Ministry of Land, Infrastructure & Transport[MOLIT]
 Gyeongbuk Province · Gyeongju City
 DaeGyeong Water Forum[DGWF] / International Hydrologic Environmental Society[IHES]
 / Gyeongbuk Green Environment Center[GBGEC]
- 후원:** 세계물위원회(WWC) · 제7차 세계물포럼조직위원회[NC]
Supported by 외교부 · 환경부 · K-water · 한국수자원학회[KWRA]
 World Water Council[WWC] · 7th World Water Forum Korea National Committee[NC]
 Ministry of Foreign Affairs[MOFA] · Ministry of Environment[MOE]
 Korea Water Resources Corporation[K-water] · Korea Water Resources Association[KWRA]

INVITATION AND ITS BACKGROUND

Water is a vital element and indispensable to human life. Thus, global nations have taken great efforts to secure safe water for their people and to protect them from the threats of water-related natural disasters. Furthermore, recognizing the necessity of a multi-stakeholder platform to discuss these important global water issues, the World Water Council(WWC) was established in 1996 in response to increasing concerns about world water issues among the global community and initiated to organize to hold the World Water Forum(WWF), the world's largest water-related event, every three years as a joint venture between the World Water Council and the government of the host country.

Following the previous six Fora, Daegu Gyeongbuk of the Republic of Korea was selected as the venue of the 7th World Water Forum(WWF7) in 2015 at the World Water Council Board of Governor's meeting in Rome in November, 2011. Since then, Ministry of Land, Infrastructure and Transport(MOLIT) and Daegu Gyeongbuk local governments of the Republic of Korea are working actively to prepare this important big global water event and particularly in this year, the 3rd Nakdong River International Water Week 2014(Na-Ri IWW 2014) has been organized jointly as a series of preparatory meetings for the 7th World Water Forum in 2015 in Daegu Gyeongbuk, Republic of Korea. During the 3rd Nakdong River International Water Week 2014, the International Water Forum(IWF) on Water for Our Future in the 7th World Water Forum is held in Gyeongju City in Gyeongbuk Province near Daegu, Republic of Korea.

In commemoration of holding of the 7th World Water Forum in Daegu Gyeongbuk in 2015, the Organizing Committee of the International Water Forum is pleased to invite and welcome all of you to participate in this big important water event during the 3rd Nakdong River International Water Week 2014 in Gyeongju City to prepare our successful 7th World Water Forum in Daegu Gyeongbuk as the Capital City of Water in the World.

Soontak LEE

Chair, Organizing Committee of Na-Ri IWW/IWF 2014

Co-Chair, International Steering Committee of the 7th World Water Forum

초청과 그 배경

물이란 인류생명의 가장 기본적이며 필수불가결한 요소이다. 따라서 범지구적으로 모든 국가와 사람들은 안전한 물의 확보와 그로부터 받는 물관련 재해로부터 보호를 위하여 많은 노력을 경주해오고 있다. 더욱이 이러한 중요한 범지구적 물 문제 현안의 논의를 위한 이해당사자 다자간 공동의 장의 필요성을 인정하여 1996년에 세계물위원회(WWC)가 설립된 이래 이 세계물위원회와 주관정부와의 공동으로 세계적으로 가장 큰 규모의 세계물포럼(World Water Forum)을 세계 곳곳에서 조직 개최해오고 있는바입니다.

지금까지 개최된 6회의 이러한 포럼에 이어서 우리나라 대구 경북이 2011년 11월 이태리 로마에서 열린 세계물위원회 이사회(Board of Governors)에서 거의 만장일치로 2015년의 제7차 세계 물포럼 개최지로 선정되었으며, 그 이후 국토교통부와 대구 경북 지방정부는 이 중요한 범지구적 물 행사의 준비를 위하여 적극적으로 노력해 오고있습니다. 그 일환으로 2015년 대구경북의 제7차 세계 물포럼 개최 준비를 위한 일련의 행사로서 2014 제3차 낙동강국제물주간(Na-Ri IWW 2014)이 공동으로 개최되게 되었으며 그 중요행사로서 우리 장래의 물을 위한 제7차 세계물포럼에 관한 국제물포럼(IWF)이 신라 고도인 경주에서 개최하게 되었습니다.

본 제7차 세계 물포럼이 2015년에 대구경북에서 개최하게 되었음을 기념하여 그 성공적 개최를 위한 준비와 대구 경북이 세계적인 물의 수도로 우뚝서기 위하여 금번 경주에서 개최하는 이 중차대한 물잔치인 2014 제3차 낙동강국제물주간-국제물포럼에 여러분 모두를 초대 환영하게 되어 기쁘게 생각하는 바이며 여러분의 참석이 향후 범지구적인 물문제 해결에 크게 유익할 뿐만 아니라 제7차 세계 물포럼의 성공적 개최에 크게 이바지할 것이라 믿어 마지않는 바입니다.

이 순 탁 드림

2014 제3차 낙동강국제물주간 / 국제물포럼 조직위원장

2015 제7차 세계물포럼 국제운영위원회(ISC) 공동위원장

OBJECTIVES

국제물포럼 목표

The International Water Forum of the 3rd Nakdong River Water Week 2014 aims to bring together international water experts, scientists, practitioners from wide range of disciplines involved in water research, engineers and research scholars to exchange and share their experiences and research results about all aspects of sustainable water management under the overall theme of *Water for Our Future* and discuss possible directions to the 7th World Water Forum in 2015 by virtue of solutions for water suggested in the 6th World Water Forum in 2012 in Marseille, France and roles of Daegu Gyeongbuk local government.

THEME AND TOPICS

주제 및 토픽

The general theme of "Water for Our Future and 7th World Water Forum" is devoted to the following focal areas:

- ◆ Plenary Sessions
 - WWF7 : High Panel Conference on Water for Our Future
 - High Level Conference on Water Security and Sustainability
 - Water Experts Panel on Adaptation and Challenges to Change
- ◆ Technical Thematic Sessions
 - Adapting to Change, Disaster and Safe Water for All
 - Water and Cities, Sanitation, Wastewater and Reuse
 - Water for Sustainability : IWRM Ecosystems and Rivers
 - Water, Food and Energy Nexus
 - Infrastructure, Governance and Finance
 - Silla Well and Culture
 - Saemaul & Regional, Citizen's Activity and Education

20 Oct(Mon)

Plenary Session (Room Convention A-B)

09:00~09:30	Registration
09:30~10:00	<p>Na-Ri IWW/IWF Opening</p> <ul style="list-style-type: none"> • Opening Remarks <ul style="list-style-type: none"> Prof. Soontak Lee Co-chair, ISC of WWF7/ Distinguished Professor, Yeungnam University • Welcome Remarks <ul style="list-style-type: none"> Mr. Yang-Sik Choi Mayor, Gyeongju City Dr. Kwan-Yong Kim Governor, Gyeongbuk Province • Congratulatory Remarks <ul style="list-style-type: none"> Dr. Seoung-hwan Suh Minister, Ministry of Land, Infrastructure and Transport
10:00~11:00	<p>Special Keynote Lectures</p> <ul style="list-style-type: none"> • Scientific Support to the European Union Strategy for the Danube Region Prof. Dr. Miroslav Veskovc (Rector, Univ. of Novi Sad, Serbia) • Integrated Water Resources Management in Changing World Prof. Taikan Oki(Univ. of Tokyo, Japan)

 Telephone: +852 37636099
 Email: gileris@kreab.com

Meeting with water-related enterprises, 7 April 2014

Special Program

Water Showcase

⑥ **Competition** to collect and evaluate cases of water-related techniques, systems, education, etc, and to **award** selected cases.

⑥ **Water Showcase Case Submission** (~Jan. 2015)

⇒ Select 9 Excellent Cases (~Feb. 2015)

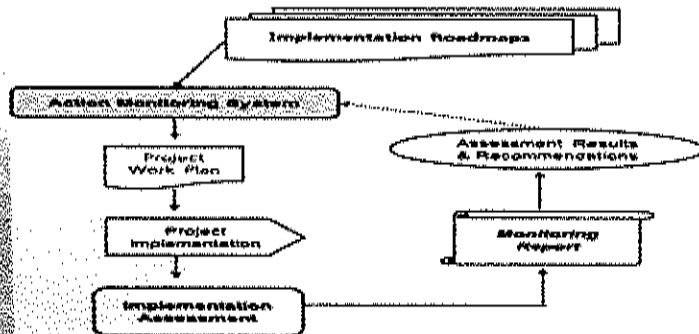

- In the Forum**
- Holding session for the Water Showcase
 - Awarding 3 BEST cases at Closing Ceremony

Special Program

Action Monitoring System (AMS)

- © Realization of **Implementation**, which is the core value of the 7th Forum
 - Develop and manage 'Implementation Roadmap'
 - Monitor the 'Implementation' status of solutions after the Forum, and link it to previous/future Forums.

In the Forum

- Launch the Roadmap at the concluding session for each Theme

After the Forum

- Monitor and assess the progress
- Seek the linkage with the 8th Forum and hand-over the system

Special Program

CEO Innovation Panel

- © Bringing together business leaders from the water sector and beyond
- © Organized to **promote and create momentum** around innovation in the water sector and to **encourage new relationships** between **water-related and other stakeholders** to increase awareness in and beyond the water industry and a stepping stone for international cooperation.

World Water Challenges

- © **Linking problem owners with solution providers**
- © **Problem owners** will be invited to **submit specific cases and situations** that are emblematic for the defined challenge. **Solution providers** will be invited to **submit proposals** to tackle the defined situation.
- © The proposals will be reviewed and the finalists will be selected to present their case and solution at the 7th Forum.

Citizen's Forum

- WHO** → • CSOs (Civil Society Organizations), Non-profit organizations, Research institutes, Civil society's major groups
- WHAT** → • Discussions, Lectures, Exhibitions, Performances
