- Cross-sensing & Controlling Device
- Production Facilities & Production Lines
- Integrated Smart Factory Solution for Operational Information

## Cooperation Modes

**Business Partnership**

investment, joint venture, M&A, equity participation

**R&D and Design**

R&D, technology transfer, turn-key development

**Production & Manufacturing**

ODM, OEM parts supply

**Market Development & Marketing**

brand & channel, turnkey transfer, agent & sales

**US\$ 33**

**billion output**

**20**

**new drugs**

**80**

**niche devices  
sold in overseas markets**

**10**

**successful  
brand names**

**Promote Specialized Key Industries**

- Precision medicine
- World-class specialty clinic clusters
- Healthy lifestyle industry

**Connect Global Market Resources**

- Global deployment
- The “New-Southbound” national strategy

**Establish Comprehensive Ecosystem**

Innovation capabilities enhanced by better talent, capital, topic selection, intellectual property, laws and regulations, and resources

**Integrate Innovation Clusters**

Drug development accelerated and industry output increased by integrating local unique medical device and drug clusters

The Nuclear-Free Homeland initiative will drive US\$ 60 billion investment.

## Solar power goals

July 2016 - Jun 2018  
to increase capacity by

**1,520 MW**

Rooftop / Ground-mounted: 1,055 MW /  
465MW

2020-2025  
total capacity from 6.5 GW to

**20 GW**

Rooftop / Ground-mounted: 3 GW / 17  
GW

## Wind power goals

by 2025 capacity to add up to

**6.7 GW**

Onshore / Offshore: 1.2 GW / 5.5 GW

strategy

**Begin with rooftop panels**

installed on buildings owned by Central Government, on factories, agricultural infrastructure, and others

**Large-scale ground-mounted panels**

installed on salt farm, areas of severe land subsidence, water (reservoirs, detention pools, ponds, fishing ponds) and landfills

goals

**Short-term target**

**Two-year solar energy program**

**Jul 2016 – Jun 2018**

rooftop | ground-mounted  
1,055 MW | 465 MW

**Green energy rooftop program**  
**2018 – 2020**

**2 GW** rooftop

**Mid/long-term target**

**Mid/long-term promotional plan**

**2020**

**2025**

**6.5 GW**

**20 GW**

rooftop | ground-mounted  
3 GW | 17 GW

**1,520 MW**

## Current status

### Existing units:

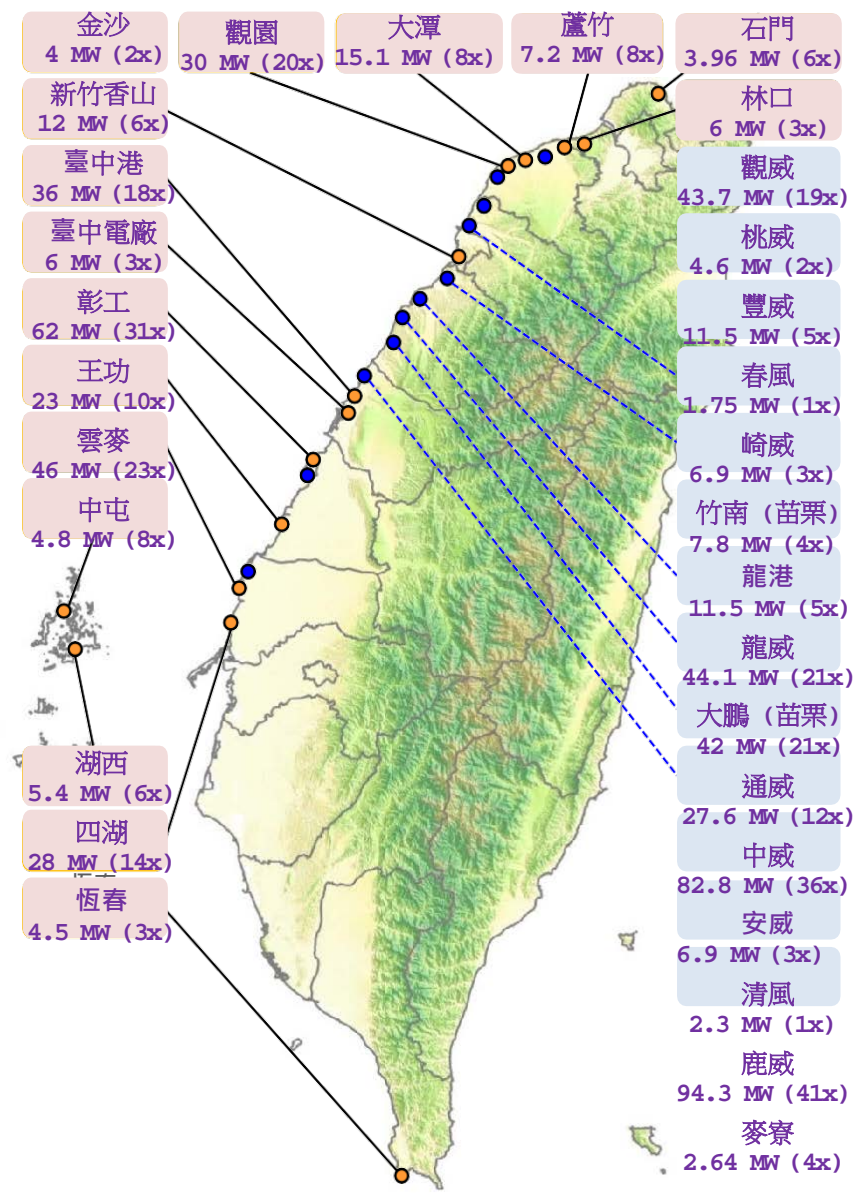

**State**  
169 units / 294 MW

**Private**  
178 units / 390 MW

**Total**    347  
units / 684 MW

State-run

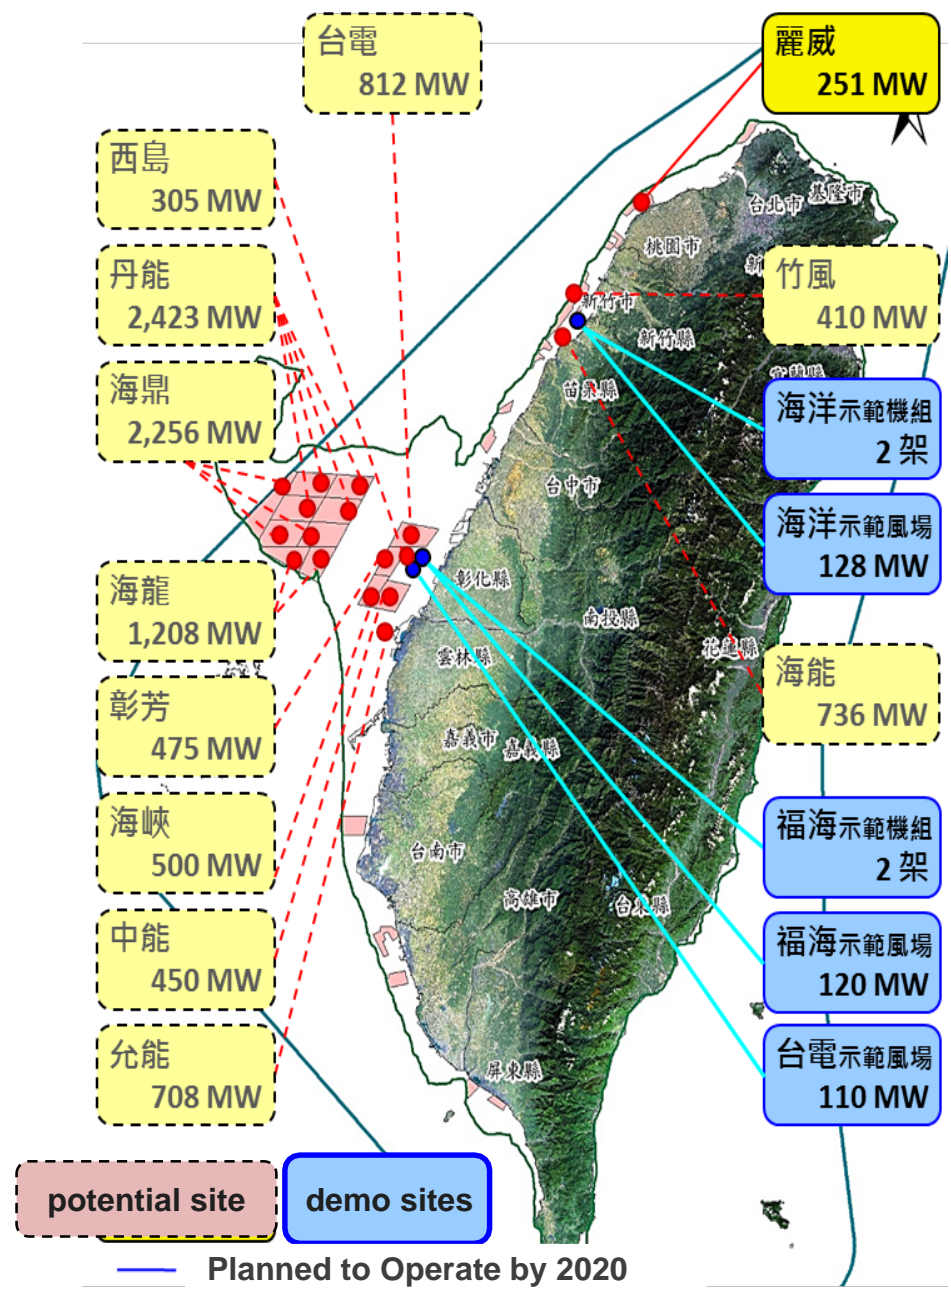

Private-owned

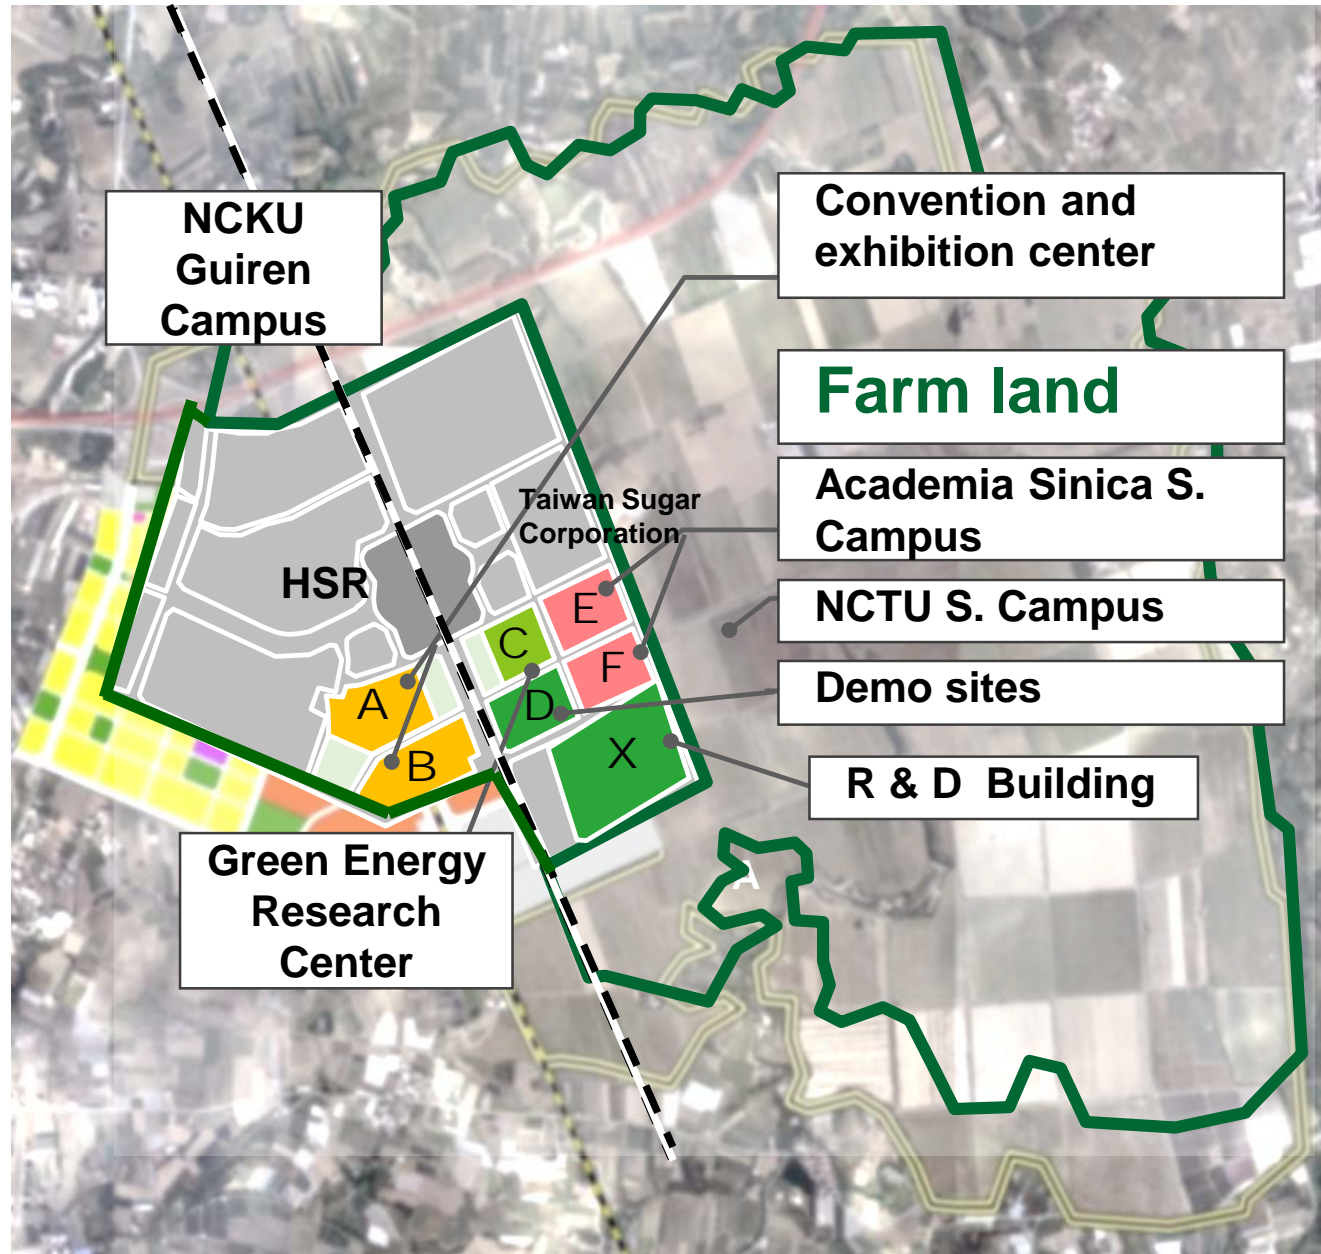

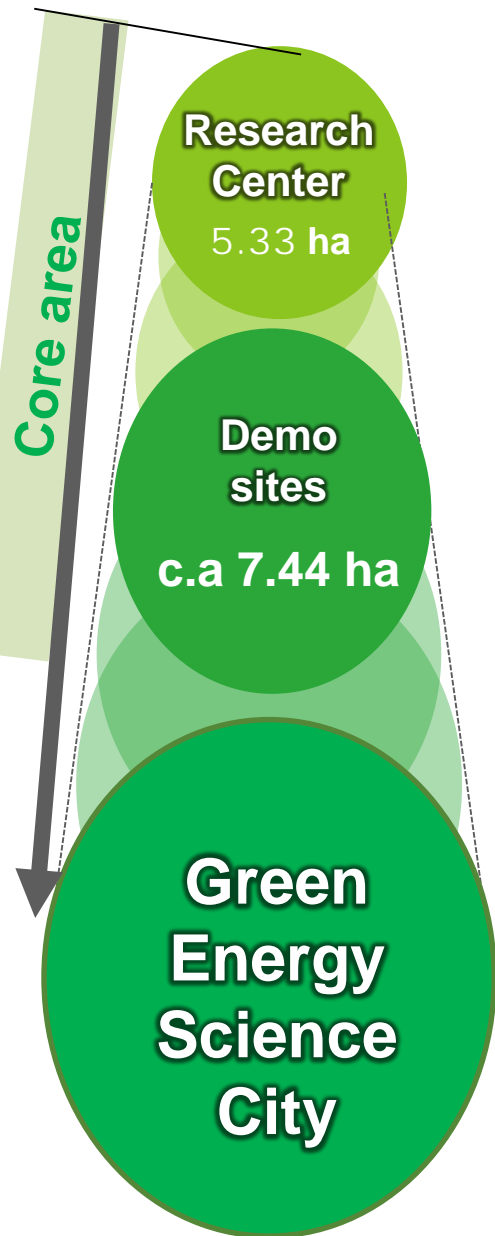

**Current status**

**Completed units:  
Two units (8MW) are under test run.**

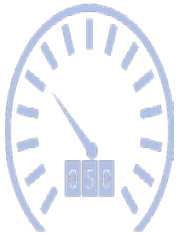

**By the end of 2020  
Accumulated 520 MW**

- **US\$ 2.2 bn (2017 - 2028)** for advanced trainers
- **US\$ 549 mn** for surface crafts
- Future related businesses amounts to **US\$ 8.3 bn**

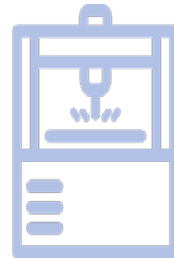

## Electronics

Radar/  
Communication  
system /  
Flat panel  
display / Remote  
sensing

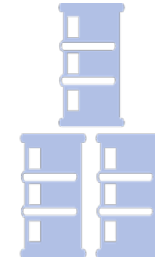

## Vehicles

Lightweight  
structure/  
Smart onboard  
network system

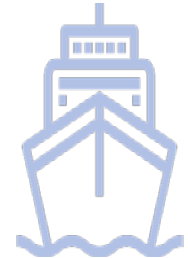

## Machines

Precision  
processing/  
Automated  
machines

## Materials

Lightweight,  
high-strength  
composite  
material/  
Aluminum alloy/  
Titanium alloy

## Ships

Turbine engine/  
Composite  
yachts  
Hulls

## High-Value & Green New Materials

**US\$3.3**  
bn  
investment

**US\$10**  
bn  
output

**US\$40**  
bn  
related  
output

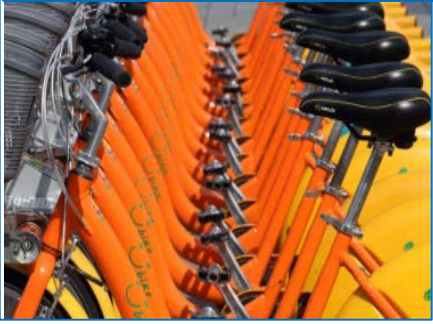

- 35 high-value new materials
- 20 green new materials

## Recycle

**6,000 KG / month**  
rare-earth element metals disposed  
but little has been processed & collected

- Taiwan tops the world in recycling industrial and general waste
- Recycled PET bottles, coffee grounds, etc. can become fabric for cloths

**100 million**  
YouBike trips

**Textile made by**  
coffee grounds

**TSMC recycled**  
95%

**Clothes made of**  
recycled materials

## Agri-Tech Clusters

- Set up Pintung Agricultural Biotechnology Park
- Push for high-value agriculture

## Processing Bases

- Establish six processing bases across Taiwan
- Achieve excellence by working with international partners

## “Southbound” Strategy

- To work with Southeast Asian partners in terms of better farming, animal (and aquatic) vaccines, feed and additives, bio-organic fertilizer, and pesticides

## Taiwan Intl. Agricultural Development Co.

- To facilitate stable contractual relationships between farmers and producers and to boost the export of agricultural produce and equipment
