1. In pursuance of a decision taken by the Technical Committee on Customs Valuation, the Secretariat has monitored and communicated details of the technical assistance/capacity building activities scheduled or delivered by Members, in order to provide useful information to all Members for planning purposes and to prevent duplication of effort.
2. Since the last session, the Customs Administrations of the United States and Japan have provided information about their technical assistance activities. This information is reproduced in this document, together with information about the technical assistance/capacity building activities undertaken by the Secretariat (see Annexes I and II, respectively).
