To Whom It May Concern,

This letter is to certify that Shin-Joe Yeh was a Visiting Fellow in Neuroscience of Feil Family Brain and Mind Research Institute from October 1, 2019 to April 6, 2020. During her time here, she learned how to induce intracerebral hemorrhage in mice, evaluate hematoma size and brain edema, as well as perform behavior tests. She was under my direction and was present during this period. We enjoyed having Dr. Yeh with us. She performed exceptionally well and I was very impressed by her scientific knowledge, surgical skills, and her analytical reasoning. Please let me know if you have any questions. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Josef Anrather".
