OUR KEY SUSTAINABILITY PRIORITIES

Waste &
Recycling

Water
Conservation

Energy Efficiency
& Greenhouse
Gas Emissions
Reduction

Indoor
Environmental
Quality

Food & Beverage
Sustainability

Sustainable
Transportation

Carbon Footprint Reduction

**Reduce our Scope
Emissions**

**Seek 50% reduction of
Scope 1 & 2 by 2030**

**Seek 100% reduction of
Scope 1 & 2 by 2050**

Waste Management

At T4, our mission is to maximize all resources and minimize our impact on the environment.

While partnering up with ABM, SSP, Royal Waste, and the airlines, we pledge to forge a greener path for the benefit of all stakeholders.

By controlling how the garbage is managed, we can prevent food waste, deforestation, and plastics from polluting our oceans

ESG Initiatives

E - Be a leader in environmental conservation and biodiversity

S - Collaborate with community members to meet social needs of all stakeholders

G – Create a company culture based on fairness, inclusion, and
